PUBLIC NOTICES

IMPORT TRADE CONTROL

New Delhi, the 28th August 1952

SUBJECT:—*Licensing of tea chests and parts and fittings thereof for the period July-December 1952.*

No. 95-ITC(P.N.)/52.—In the Red Book for the current licensing period it was announced that the policy for licensing of tea chests and parts and fittings thereof falling under Serial No. 42A of Part V of the Import Trade Control Schedule was under review and would be notified at a later date. It has now been decided that the policy announced in Public Notice No. 3-ITC(P.N.)/52, dated the 12th January 1952 for both the licensing periods January-June 1952 and July-December 1952, will not undergo any change at present. Applications in the prescribed form and manner, if not already made, may now be made to the Jt. Chief Controller of Imports, Calcutta, observing the points given in that Public Notice. All the applications including those who have already submitted their applications should submit along with the prescribed evidence all orders placed by them on approved producers of tea chests in India subsequent to 30th June 1952 and will also have to confirm that the figures of orders placed for the January-June 1952 period have not undergone any change thereafter. If any change has taken place a full explanation regarding the nature of change effected in the figure should be submitted to the Jt. Chief Controller of Imports, Calcutta, by the 22nd September 1952.

New Delhi, the 29th August 1952

SUBJECT:—*Applications for import licences—submission thereof in duplicate.*

No. 93-ITC(P.N.)/52.—Importers are at present required to submit applications in duplicate for Capital Goods, Heavy Electrical Plant and certain other items. It has now been decided that henceforth all applicants for import licences for the value of Rs. one lakh and above should send their applications (only) in duplicate to the respective licensing authorities. Applications from industrial undertakings and other actual users should, however, always be sent in duplicate, irrespective of value. Importers who have already sent applications to the licensing authorities during the current licensing period need not send duplicate copies now.

New Delhi, the 2nd September 1952

SUBJECT:—*Licensing of Hydrazide of Isonicotinic Acid.*

No. 96-ITC(P.N.)/52.—Established Importers of drugs and medicines and manufacturers who want to import Hydrazide of Isonicotinic Acid should send in their applications in duplicate for the General and Soft Currency licences in the prescribed form and manner to the Chief Controller of Imports, New Delhi before the 30th September 1952. The following information along with relevant documents should be furnished in the forwarding letter which should also be sent in duplicate:—

- (a) Whether the applicant is a sole agent of the manufacturers of this drug. If so, original sole agency agreement with an additional copy should be sent. Sole agency agreements of suppliers who are not manufacturers themselves are not required.

- (b) C.I.F. price per ton of Hydrazide of Isonicotinic Acid in powder form in bulk received from suppliers from abroad, should be enclosed in original with an additional copy.
- (c) Quantity in Kilogrammes which the applicant wants to import and which he can obtain from the suppliers within six months.
- (d) Names of manufacturers, country of origin of the goods.
- (e) Established importers of drugs and medicines should indicate the value of quota licence for each area which they have already taken or for which they are eligible for July-December 1952 period.
- (f) Established Importers should also indicate whether they will tablet the goods themselves or would get the drug tableted from some other firm in which case the name of the tableting firm should also be given.

2. It should be understood that not more than 10 per cent. of the licence when issued will be allowed to be utilised for the import of drug in tablet or other than powder form. 90 per cent must be utilised for the import of the drug in powder form in bulk for tableting.

3 One of the important considerations in dealing with the applications will be the price quotation at which the goods will be imported. Special consideration will be given to those importers who are able to get the goods at the lowest price which will be specified in the licence and no increase in that price will be allowed under any circumstances.

4. Manufacturers who want to import raw materials for the manufacture of Hydrazide of Isonicotinic acid can also apply for import of raw materials needed, for this purpose. Other things being equal, preference will be given to those who wish to import basic raw materials instead of intermediates.
